About Us

Marine Electronic Technique Trading Co., Ltd (MARITECH) was officially founded in 2001. Our main focus is to offer products and services related to marine electronic, communication and navigation equipment for shipping industry.

For the past many years, Maritech has become one of the top leading suppliers of maritime electronic products and services in South East Asia.

Up to now, we are an authorized distributor cum an agent of multiple prestigious manufacturers, such as: *JRC, Alphontron Marine, Samyung, Aquametro Oil & Marine, KVH Industries Inc (USA), AMI Marine (UK), Orolia BV, Consilium, Simulation Tech Inc, Headway, Sealantern, New Sunrise.*

We also carry out safety radio survey, which was approved by classification societies, such as: *ABS, BV, CCS, DNV-GL, KR, LR, NK, RINA, RS, IBS, PMDS, VR.*

In order to bring the best efficiency to customers, our sales team is professionally trained, expertized in industry and the market. We always consult the most reasonable technical solutions and prices.

We also have an excellent Technical team who is in charge of installation, maintenance and repair the equipment.

A dedicated Customer support team who is always ready to serve our customers even when anchoring time at ports is too short.

With our extensive experience and a global network with authorized partners, we are confident to provide our customers high quality products and services at most ports all over the world.

Our Vision - Mission - Core Value

Our Vision

To be a preferred supplier of “One-stop” solution for marine electronic services, communication and navigation equipment throughout the region.

Our Mission

By offering 24/7 high quality products and services, we commit to build valuable and strong relationship with clients.

In cooperation with manufacturers and classification societies, we create a reliable, quality and sustainable network to serve customers.

We create the best conditions to meet the needs and expectations at work in order to promote the creativity, dedication and enthusiasm of employees, which contributes to the success of Maritech.

We positively contribute to Vietnam Maritime Industry's development and are always aware that social activities as a part of Maritech' s responsibility towards the community.

Our Core Value

Maritech considers RELIANCE as standard value for our customers and partners. We always put customers at the center of our thoughts and actions.

Maritech takes DILIGENCE as a permanent value in all activities by always treating fairly and bringing the highest values to Customers, Partners, Employees and stakeholders.

Maritech takes COMPLIANCE as a prerequisite to abide by the Law, comply with the Code of Conduct, Rules and Regulations as well as Procedures of the Company.

Maritech takes ELITE as internal strength, as our competitive advantage of human resources. We build a dynamic, creative, professional and equitable workplace. Hence, having a highly trained team is the most valuable asset of Maritech.

Our Services

INSTALLATION, MAINTENANCE, REPAIR

Our engineers are experts with intense experience and skilful, certified in installation, maintenance and repair marine communications and navigation equipment, such as: GMDSS, AIS, Radars, ECDIS, Speedlogs, Gyrocompass, Autopilots, VDRs, Satellite Communications (VSAT), ...

RADIO SAFETY SURVEY & VDR APT

We are approved to perform radio equipment testing by ABS, BV, CCS, DNV- GL, IBS, KR, LR, NK, PMDS, RINA, RS, VR.

We are also authorized to carry out Annual Performance Tests for VDR / S-VDRs from AMI, Consilium, Headway, JRC, Kelvin Hughes, Netwave, New Sunrise, Sealantern, Simulation.

SHORE-BASED MAINTENANCE AGREEMENT

Maritech provides shore based maintenance Agreement in accordance with the requirements of Convention SOLAS 1974 (Amendments of 1988), Chapter IV, Regulation 15 and Resolution A702 (17). Contact us to get priority services for your vessel.

TECHNICAL SUPPORT

Our 24/7 technical support team is always ready to handle your calls. We commit to respond to your request as soon as possible.

TRAINING JRC ECDIS

Maritech provides training the use of JRC Ecdis at both the office and vessel.

having been audited by ABS and having given a satisfactory practical demonstration of the service listed below, is recognized by ABS as a Service Provider to provide services which ABS Surveyors may rely on to make decisions affecting classification or statutory surveys.

Radio Communication Equipment Inspections and Testing

It is the responsibility of the Service Provider to employ, train and qualify persons in the service provided. If the service requires approval from manufacturers, the service provider is responsible to maintain contact with the manufacturer and maintain any service manuals up to date. Where required by the category of service, specialists shall provide valid evidence that it is authorized or licensed by the equipment manufacturer to service the particular makes and models of equipment for which approval is sought. If approval from the manufacturer is not obtained, a surveyor must be present at time of survey to continue work. Alternatively, current written instructions from the flag state are to be obtained to continue work without the surveyor present. Service technicians must present photo identification, evidence of qualification and authorizations from manufacturers, as applicable, at the time of service.

The ABS office issuing this certificate is to be kept updated with changes to the management of the company, its employees, equipment and models on the authorization list and any changes made.

See enclosed Appendix for details regarding authorized personnel, and/or manufacturer authorizations, and/or subcontractors, etc.
